Profile

I have 7+ years of experience working in Web-development. I have worked on a multitude successful of web-projects for a range of clients, my team has been analyzing processes, developing a technical task, and developing a solution.

My technologies and tools: PHP, PHP Framework (Laravel/Lumen/Symfony), Laravel Nova, Redis, Laravel Horizon, RabbitMQ, API Platform, MySQL, PostgreSQL, MongoDB, RESTful API, GraphQL, Pusher, NGINX, Bootstrap, HTML, CSS, JavaScript, JS Framework (VueJS), Vuetify, NPM, Webpack, Git, GitHub, Bitbucket, GitLab, Docker, Composer, Bash/Command Line, Chrome DevTools, PageSpeed, Vue DevTools, Xdebug, Postman, PHPStorm IDE.

As a freelance Full Stack Developer, I collaborate with several web developers in Canada, at the same time maintaining clients in Europe and the USA, also developed several projects for the Ministry of Defense Ukraine units. I am currently working in Ukraine. I am always available to discuss your project over the phone or via Skype.
